

Things are looking brighter for Tiggers. We may have a new permanent home. Subject to getting the right lease. It includes the possibility of a safe, outdoor garden for the children. If you have any building trade skills and may be able to help with the extensive refurbishment that will be needed, please, get in touch with mail@blackpooltiggers.co.uk or call the office on 01253 319210

The deadline for parent questionnaires in the audit of services for Autistic Spectrum Conditions is FAST approaching. You only have 3 weeks to express your views on police, health, leisure, social services etc. This is your opportunity to be heard. If you have lost your questionnaire and need another one, we have copies, or if you need help completing it, please ask. A low response rate will mean the findings can be ignored so it is really important we get as many questionnaires back as possible. We would also be interested in any comments your children make about what would make their lives easier and what they need from services they access. If you have any comments from the children, please send them to debrab@blackpooltiggers.co.uk or by post to the office if you prefer.
